Geo-Naturpark-Jubiläum: 20 Jahre Europäischer Geopark

Im Jahr 2002 wurde der Geo-Naturpark in das Europäische Geopark-Netzwerk aufgenommen. Seither hat er sich zum international hoch geschätzten UNESCO Global Geopark entwickelt. Dabei die Zusammenarbeit mit Partnern und die Vernetzung in der Region von besonderer Bedeutung. Und auch im internationalen Netzwerk der UNESCO trägt er seit nunmehr 20 Jahren engagiert mit dazu bei, voneinander zu lernen und gemeinsam das Bestmögliche für alle Geopark-Regionen zu erlangen. Diese erdgeschichtliche, naturräumliche und kulturelle Vielfalt, die auch der Geo-Naturpark widerspiegelt, zeigt vor allem Eines: wie wertvoll unser Planet ist, wie wichtig es ist, seine Ressourcen zu schützen und wie groß unsere gemeinsame Verantwortung ist, dies auch zu tun.

Der Blick zu unseren Partnern in Europa und in der ganzen Welt

Besuchen Sie unser Album der Europäischen Geoparks auf Facebook (https://www.facebook.com/geo.naturpark/photos/?ref=page_internal) und lassen Sie sich inspirieren von der Vielfalt der Globalen Geoparks weltweit: <https://www.youtube.com/watch?v=E2S-K2COJgo>

EUROPÄISCHE GEOPARK-WOCHE

22. Mai bis 6. Juni 2022

Das **EUROPÄISCHE GEOPARK-NETZWERK** setzt sich als regionales Netzwerk der UNESCO Global Geoparks für die Bewahrung des geologischen, naturräumlichen und kulturellen Erbes in Europa ein. Dabei spielen die Regionalentwicklung, die Förderung von Geotourismus und die Umweltbildung eine besondere Rolle.

Das Netzwerk umfasst derzeit 94 Regionen in 28 Ländern Europas, die sich gemeinsam für diese Ziele einsetzen. Durch die enge Zusammenarbeit mit den Menschen vor Ort entfaltet sich der ganzheitliche Ansatz der Europäischen Geoparks und wird dadurch lebendig. Dabei entstehen aus der gemeinsamen Netzwerk-Arbeit besondere Angebote und Projekte, die ein neues Erleben der Landschaft ermöglichen.

EUROPÄISCHE GEOPARK-WOCHE 2022

Unter dem Motto „20 Jahre regional und international vernetzt“ wird der Schwerpunkt der diesjährigen Europäischen Geoparkwoche sowohl in der Region mit ihren vielfältigen Angeboten wie auch auf den 27 Ländern Europas liegen, in denen sich Europäische Geoparks befinden. Seit 2015 sind alle Geoparks in Europa zudem Mitglieder im weltweiten Programm der UNESCO Global Geoparks und haben im Verlauf der Jahre viele Partnerschaften geknüpft und gemeinsame Vorhaben umgesetzt. All dies wird im Programm der Europäischen Geoparkwoche, das sowohl analog wie auch digital und in den sozialen Medien stattfinden wird, eine Rolle spielen.

„Die neue Heimat mit meinen Augen entdecken“ – Fotoausstellung im Schloss Lichtenberg

Am 22. Mai 2022 wird zum Auftakt der Europäischen Geoparkwoche gemeinsam mit dem UNESCO Global Geopark Lesbos und dem Internationalen Waldkunstverein die Ausstellung „Die neue Heimat mit meinen Augen entdecken“ im Schloss Lichtenberg (Fischbachtal) eröffnet. Durch ihre Kameralinsen haben Samira Jamali (Teheran/Darmstadt) und Amir Ali (Afghanistan / Lesbos) zwei unterschiedliche Landschaften der beiden UNESCO Global Geoparks, Bergstraße-Odenwald und Lesbos (Griechenland), eingefangen. Beide junge Menschen sind aus ihren Heimatländern geflüchtet und an zwei sehr verschiedenen Orten angekommen. Sie haben die Schönheit – zuweilen auch die Fremdheit – ihrer neuen Umgebung eindrücklich festgehalten.

Ausstellungseröffnung 16:00 Uhr, Schloss Lichtenberg, Fischbachtal, Anmeldung erforderlich: 06251-707990
