INTRODUCTION

It is located at the village of Gergeri, Heraklion Prefecture at the southern part of Psiloritis Natural Park. It is hosted at the Gergeri Highschool building, just west of the village.

THE GERGERI LOCAL MUSEUM

Geological exhibitions

EXCIBITIONS

The museum was created by the pupils under the supervision of their teachers and the staff of the Natural History Museum of Crete. It is subdivided into two rooms of about 120 m2 dedicated to the local geology and natural environment, respectively. Rocks, minerals, fossils, physical processes, as well as animals and plants of the southern slopes of Psiloritis mts can be seen.

The museum is operating all year, offering information for the local environment and culture too.
