

Amateur Radio Club

Amateur Radio Club events will be held in Geoparks throughout Europe and further afield. GB3GEO will be on the air during the weekend of **24th – 26th May**. Operation is on 80 metres to 2 metres. Here in Ireland, South Eastern Amateur Radio Club will be QRV from Tankardstown, Bonmahon, Co. Waterford.

Exhibition of Geological Heritage of Waterford

The first exhibition in the Copper Coast Geopark Centre will run from 28th to 31st May.
@ Copper Coast Geopark Centre, Bunmahon, Co Waterford.

Copper Coast Mining Heritage Films

A special showing of the short film - The Miners of Bunmahon - and accompanying shorts, commissioned by the Metal Links programme and shot locally using local talent on both sides of the camera. Monday, 27th May in the Geopark Centre, Bunmahon

Giant Beach Mosaic

Our annual fun visit to the beach at Annestown to learn about the rock formations, why the pebbles are different colours = and using these pebbles along with all the natural materials of the beach to create a Giant Beach Mosaic Sunday, 26th May

Geoparks Corner

During European Geoparks Week we will be creating and promoting our Geoparks Corner in the new Copper Coast Centre which will feature the European and Global Geoparks Networks – showing the growing spread of Geoparks throughout the world, what they are, their beauty and diversity.
