#### 1. Please give the following information:

- number of activities/events during geoparks week            27
- number of press releases announcing geoparks week events    10
- number of printed copies for program flyer/brochure/posters    0
- number of printed articles on EGN week activities            2
- total number of visitors/participants                            400 people (estimated)

#### 2. Highlight most successful activities of your Geoparks Week 2012:

“Geosub, submarine geological routes”.

This was an innovative geotouristical product developed by the Geopark working closely with enterprises. Four emblematic maritimal routes of the Geopark were offered at reduced rates, focusing on the most enjoyable aspects of the geological heritage as well as other singular characteristic of the coastal area (biodivesity and history).
