twitter: @Geoparc (<https://twitter.com/geoparc>).

Category	Date	Activity/Event
	dd.mm.	
1. Geo & Geo	24 th May	Geological guided walk “El Cau dels Emboscats” (The Ambush Den or Lair) and “El Queixal Corcat” (The Decayed Molar). The route goes all along the Emprius summit to discover the formation of the peculiar monoliths of the mountain range or massif.
	30 st May	Geological guided walk around the mountain of “Castelltallat”. The route is guided by Ferran Climent, the Scientific Director of the Geoparc, in collaboration with FotoArt Association.
	31 th May	Geological guided walk through the “Sant Llorenç del Munt i l’Obac” Natural Park.
3. Geo & Education	27 th May-7 th June	Daily <i>Geo-activities</i> addressed to school groups in all the centres during the European Day of Natural Parks consisting in didactical workshop and guided visits to all the Geoparc of Central Catalonia visitor centres: Toll Caves, Salnitre Caves, Museum of Geology Valentí Masachs, etc.
	31 th May	Talk about “The Mammals of the Natural Park” by the biologist Mr. Israel Estopà. We will learn how to identify the tracks left by one of the most hidden animals in the valley of Horta: the mammals. We will also learn to find the traces left by species such as marten, squirrel, fox or the wild boar. We will test a technique to see these animals overnight: consist in placing a camera in a strategic point. Let’s see how many we catch!
	From the 1 th to the 5 th of June	Collection of activities adressed to teachers in the form of lectures, visits, workshops, audiovisuals and exhibitions with the aim of promoting the Central Catalonia Geopark and the European and Global Geoparks Network and their importance.

4. Conferences	29 ^h May	Volcanoes Cinema.
	4 th June	The history and importance of baths in Mura village.
